

Mill Pond Medical Centre

106 Victoria Street West, Alliston, Ontario L9R 1T9

April 25th, 2019

It is with great pleasure that I highly recommend Headwater Elevator Services.

I met Dave Ashley and his team in early 2016 during the phase 1 construction of our Medical Centre that included the installation and certification of the elevator that was designed for our future building.

This was my first indication of a committed and accountable company that is always, on time, within budget and most importantly available.

After delivering the elevator for our July 2016 opening on schedule and within budget, I immediately entered into a service agreement with Headwaters.

His excellent service has continued, and throughout any service calls that have occurred, he has been instrumental in prompt turnaround time to ensure our elevator is up and running for the public as quickly as possible.

If you are looking for a dedicated team of installers for a new elevator or a maintenance company to keep your elevator operating smoothly, I can only recommend Headwater Elevator Services.

They always “lift” my spirits, every time I deal with them.
